

BUDGET BILLING ENROLLMENT FORM

PLAN YEAR 6/1/2026 TO 5/25/2027

Budget payments have to be paid by the due date each month. If payment is not made by the due date, your account will revert back to a regular billing status. Therefore, you will be billed by the amount of gas used each month.

*For an example of how we calculate your budget billing: If your natural gas expenses total \$625.00 for the year, your monthly budget would be \$52.00 (\$625 divided by 12 months = \$52.08 per month, monthly budget amounts are rounded to the nearest dollar). For those customers already on Budget, you do **NOT** need to fill out this form. You'll automatically be signed back up!*

IF YOU WISH TO ENROLL IN BUDGET BILLING, fill in the bottom portion and return with your payment this month. Once we calculate your budget for the new plan year, your June **2026** statement will reflect the monthly budget amount.

Also, realize that your May **2027** billing statement will be actual gas charges owed. Therefore, if your natural gas charges exceed the amount paid by your budget, that balance will be due upon your May **2027** due date.
